WHAT IS MESSIANIC DANCE?

Messianic dance is choreographed dances which combine Israeli folkdance with contemporary worship music. Worship is the primary objective of Messianic dance. The hands and feet of the dancer are God's instruments of praise and worship. Unity in the circle is the second objective. The dance circle is representative of life and community, with everyone holding each other up as we extend love, grace and support to our neighbor.

God is restoring the established ways of worship in dance and we are sensing the desire of the Body of Messiah to rediscover its Jewish roots, especially in worship, praise, and Messianic dance. Dance has been a part of Israel since the earliest days of their faith expression as a meaningful demonstration of corporate praise and worship. Additionally, dance has always been part of the Jewish depiction of celebration of life cycles, religious holidays and triumph in warfare.

It is our prayer that you and your congregation will use these tools to lift up the name of Yeshua through rejoicing in the dance.

Instructional DVD, Audio CD, Booklet

Our instructional dance media is offered as **sets**, which consist of three items: a DVD, a music CD, and a booklet. These sets are divided into three levels of learning and depending on the difficulty of the dance: Beginner, Intermediate, and Advanced.

Each **Instructional DVD** in our Beginner Series demonstrates 12 dances which are shown using three different views: an individual walk-through, a group walk-through, then performed in a congregation setting. In addition, each DVD offers a dance glossary section which gives step-by-step instruction of some basic dance steps.

The **Audio CD** consists of the corresponding songs for practicing the dances presented on the DVD.

The **Booklet** contains step-by-step dance sequence descriptions, song lyrics, scripture meditations, interesting articles, poems, and testimonies.

The dances on our **Intermediate and Advanced DVDs** are presented by one dancer performing each dance with the music. No instruction is given for these dances.

“Embracing Our Jewish Roots” Traditional Israeli folkdances as a foundation for the choreography of Messianic dance.

“Touching the Hem of His Garment” Messianic dances choreographed from Israeli folkdance steps which can be used as a meaningful demonstration of corporate praise and worship.

“Keeping it Simple Draws All” Simplicity allows for worship by all participants, and that is the goal of congregational dance. We hope you enjoy putting these versatile dances to use in your worship services.

“Rejoicing In Dance Series—InterConnections”

Ten interchangeable, intermediate-level dances with an emphasis on step combinations and sequences of steps. Learning one dance equips you with the capability to use it with several songs.
